# Croatian Economic Survey

Vol. 27 : No. 2 : December 2025

**Croatian Economic Survey** is an English-language, peer-reviewed scholarly journal published twice annually by The Institute of Economics, Zagreb in Croatia. The journal aims to serve as a forum for academics and practitioners by publishing high-quality research papers on topics in all areas of economics. Special focus is given to post-socialist Europe. Comparative studies are especially encouraged, since these countries share a similar socio-economic background and comparative studies offer a valuable source of insight for policy formulation as well as a basis for competitive benchmarking. The journal welcomes empirical and policy-oriented papers relevant to a broader international audience. Contributions need not be limited solely to economics; submissions from other related disciplines are encouraged.

All papers published in *Croatian Economic Survey* are available at the journal's website and the central portal of Croatian scientific and professional journals (Hrčak):

EIZ Website: <https://eizg.hr/publications-and-products/publications/croatian-economic-survey-462/462>
